Hello Olentangy School parents and students. My name is Dale Miller and I am owner/operator of In Action Photos. I am very excited about the opportunity to service your school's sporting program with digital equipment and provide you with great products at fair prices. Three years ago I began photographing athletes on a full-time basis. I have serviced traveling sports teams, tournaments, local youth leagues, high school booster clubs, and universities all over central Ohio. I have been very successful at providing moms and dads with digital pictures and 20 x 30 inch collage posters of their athletes in action.

I am able to burn picture discs immediately following the game for your convenience. Poster collages are mailed out within seven days. I also provide video coverage and editing for commemorative or highlight videos for students who are pursuing college scholarships.

I will be setting up a sales booth at various sporting events at Olentangy Orange High School, Olentangy Orange Middle School and Olentangy Berkshire Middle School. To ensure that I am at an event, please call (614) 208-1392 and book my services for your son or daughter's game.

Photo package options include:

1. Picture disc with 80-125 photos which enable you to print, enlarge, etc. for \$45
2. 20 x 30 inch poster collage for \$65
3. Picture disc with poster collage \$95
4. Commemorative and highlight videos (call for pricing)
5. Additional pictures sizes, framing & matting are special orders by phone

The above prices do not include tax or shipping. Your school receives 5% of the purchase price to benefit the sporting program. Picture discs are delivered to you at the end of the game. I accept cash, check, VISA or Mastercard. You will receive a receipt for your purchase.

To view some of my work, visit [www.iap.ifp3.com](http://www.iap.ifp3.com) or [www.youtube.com](http://www.youtube.com), channel: dale 57085 for videos.

Please stop by my booth, view my sample poster collages and see for yourself what I can do to highlight your athlete in action!

Thank you,  
Dale Miller, CEO, In Action Photos
